

PRODUCT SPECIFICATION SHEET

Product Title: 3m Duplex Fibre Optic Multi-Mode Cable OM4 50/125 Micron MT to LC Aqua

Product Code: 36-0030MTLC/A | Brand: **connektgear**

DESCRIPTION

Our OM4 (50/125) optic fibre cables are perfect if you require fast data transfer speeds or to connect devices over long distances. Fibre optic cables use light to transmit data, which makes them much faster than traditional copper cables. They are often used in data centres, telecommunication networks or to connect servers together. OM4 cables are a specific type of fibre optic cable, designed for use in high-bandwidth applications, such as 10 Gigabit Ethernet up to 550m transmission distance.
